1 Introduction

What is the purpose of this handbook and how to use it?

This handbook sets out the terms of your cover for the SecureHealth Care Options plan. If **you** are unsure of which particular Options **you** have, please refer to your membership statement.

This handbook is an important document as it details:

- the cover **you** have (both benefits and limitations);
- how to make a claim;
- how your **policy** is administered; and
- other services provided by your **policy**.

Throughout your handbook certain words and phrases appear in **bold type** to indicate they have a special medical or legal meaning. **You** will find a glossary of these words on pages 38–41.

Most of the information given is relevant to all Options. However, there are instances where information is not relevant to all Options. Where this occurs, **we** have drawn your attention to which Option **we** are referring to as follows:

When a sentence or paragraph starts with an Option name and is in this colour blue, it means that the information given relates only to the Option stated.

2 Your cover

Please remember that **our policies** are not intended to cover all eventualities and are designed to complement rather than replace all the services provided by the NHS.

In return for payment of the premium **we** agree to provide cover as set out in the terms of this **policy**. Please refer to the definition of '**policy**' in the glossary for details of the documents that make up your **policy**.

Summary of the SecureHealth Care Options Plan

The SecureHealth Care Options **policy** offers **you** cover for necessary **treatment** of new **medical conditions** that arise after **you** join. It does not cover **you** for **treatment of medical conditions** that existed, or **you** had symptoms of before joining. However, in some circumstances **you** may have joined on a different basis, please refer to the 'Existing medical conditions' section for further information. There is also no cover for ongoing, recurrent and long-term conditions (also known as **chronic conditions**). SecureHealth Care Options is a modular private medical insurance **policy**, so Options can be chosen as required. The core benefits are described as 'Option 1 – Standard Cover' which includes cover for:

- **in-patient** and **day-patient treatment** and associated **specialists'** charges
- **out-patient surgical procedures**
- radiotherapy and chemotherapy
- computerised tomography (CT), magnetic resonance imaging (MRI) and positron emission tomography (PET) scans

In addition **you** may have additional Options and these will be shown on your membership statement. Details of each Option can be found in Section 3.

4 Arranging treatment and making a claim

To ensure your claim proceeds smoothly, please follow these simple steps.

Step One	Your GP refers you to a specialist for private treatment .
Step Two	You need to call us on 0845 607 6163 to check that the treatment is eligible . Please help us by having the following details available: <ul style="list-style-type: none">• Specialist or group practice name.• Hospital name and any admission dates.• A procedure code if you are having a surgical procedure.
Step Three	We will then: <ul style="list-style-type: none">• Check that we will pay the specialist's fees in full.• Confirm which hospitals, day-patient units and scanning centres are covered.• Send you a partially completed claim form. Please note: Out-patient consultations and diagnostic test are not eligible under this policy unless you have chosen Option 2 or 3.
Step Four	<ul style="list-style-type: none">• Complete your section of the claim form.• Take the claim form with you when you first go for treatment and ask the specialist to complete it and return it to AXA PPP healthcare.
Step Five	Send in any outstanding accounts for treatment to AXA PPP healthcare. If you require further treatment contact us to confirm your cover.

Please send any correspondence to:

AXA PPP healthcare, Phillips House, Crescent Road, Tunbridge Wells, Kent, TN1 2PL.

Be aware:

If **you** ask your GP to complete the claim form they may make a charge, which **we** will not refund.

What happens if I require emergency treatment?

Most **private hospitals** are not set up to receive emergency admissions. In an emergency **you** should call for an NHS ambulance or visit the accident and emergency department at the local NHS hospital.

However, if **you** are admitted as an **in-patient** at an NHS hospital, please ask somebody to call **us** as **you** may be able to claim for the NHS cash benefit shown on the Option 1 **benefits table** on page 5.

How are my medical bills settled?

We normally receive accounts for **treatment** directly from **specialists** or hospitals. However, if **you** receive an account for payment, please forward it to **us**. **We** can settle **eligible** bills direct with the hospital or **specialist**, subject to any excess. If **you** have paid the accounts, then **we** will reimburse **you**.

What must I provide when making a claim?

- 4.1 Before **we** can consider a claim **you** must ensure that:
- **you** or the **policyholder** send **us** a completed claim form or patient's declaration and consent form as soon as possible and no later than six months from the date the **treatment** starts; and
 - **we** receive original invoices for **treatment** costs; and
 - **you** or the **policyholder** promptly give **us** all the information **we** request.
- We** reserve the right to change the procedure for making a claim and will write to advise the **policyholder** of any changes.

Do I need to provide any other information?

- 4.2 It may not always be possible to assess the eligibility of your claim from the claim form (or patient's declaration and consent form) alone. In such situations **we** may require additional information and it is your responsibility to provide any reasonable additional information to enable **us** to assess your claim.

Be aware:

In order to establish the eligibility of any claim, **we** may request access to your medical records including medical referral letters. If **you** refuse to agree to such access **we** will refuse your claim and will recoup any previous monies that **we** paid in respect of that **medical condition**.

- 4.3 At **our** own cost **we** can ask a **specialist**, chosen by **us**, to advise **us** about the medical facts relating to a claim or to examine **you** in connection with the claim. **We** exercise the right to do this only very rarely in cases where there is uncertainty as to the nature or extent of the **medical condition** and/or liability under the **policy**. **You** must co-operate with any **specialist** chosen by **us** or **we** will not pay your claim.

What should I do if I have cover on another insurance policy?

- 4.4 **You** must tell **us** if **you** can claim any of the cost from another insurance policy. If another insurance policy is involved **we** will only pay **our** proper share.

What should I do if the benefits I am claiming for relate to an injury or medical condition caused by another person?

4.5 **You** must tell **us** on the claim form or patient's declaration and consent form if **you** can claim any of the cost from anyone else. If benefits are claimed for **treatment to you** when the injury or **medical condition** was caused by some other person (the 'third party'), **we** will pay those benefits **you** can claim under the **policy**.

If another insurance policy covers those benefits then **we** will only pay **our** proper share of the benefits. However, in paying those benefits, **we** obtain both through the terms of the **policy** and by law a right to recover the amount of those benefits from the third party.

In this case, the following shall apply:

- **you** must tell **us** as quickly as possible if a third party caused the injury or **medical condition** or if they were at fault. **We** may then write to **you** if **we** require further information; and
- **you** (or your solicitors) must keep **us** fully informed about the progress and outcome of any action; and
- **you** must include all monies paid by **us** in respect of the injuries (and interest on those monies) in your claim against the third party ('**our** outlay'); and
- if **you** decide to claim for damages and have received benefit under this **policy** as a result of any alleged negligence or action of a third party **we** will charge **you** an administration fee of up to £400, excluding VAT. **We** will include the administration fee in the summary of **our** outlay submitted to your opponents. **You** must use all reasonable endeavours to recover the administration fee within your claim; and
- should **you** successfully recover any monies from the third party (whether in full or part settlement) **you** will pay **our** outlay or in the event that **you** recover only a percentage of your claim for damages the same percentage of **our** outlay directly to **us** within 21 days of the recovery. If **you** do not repay to **us** such monies (and any interest), **we** shall be entitled to recover the same from **you**; and
- any global settlement will be deemed to include recovery of **our** outlay in the same proportion as the global settlement bears to the total claim for damages.

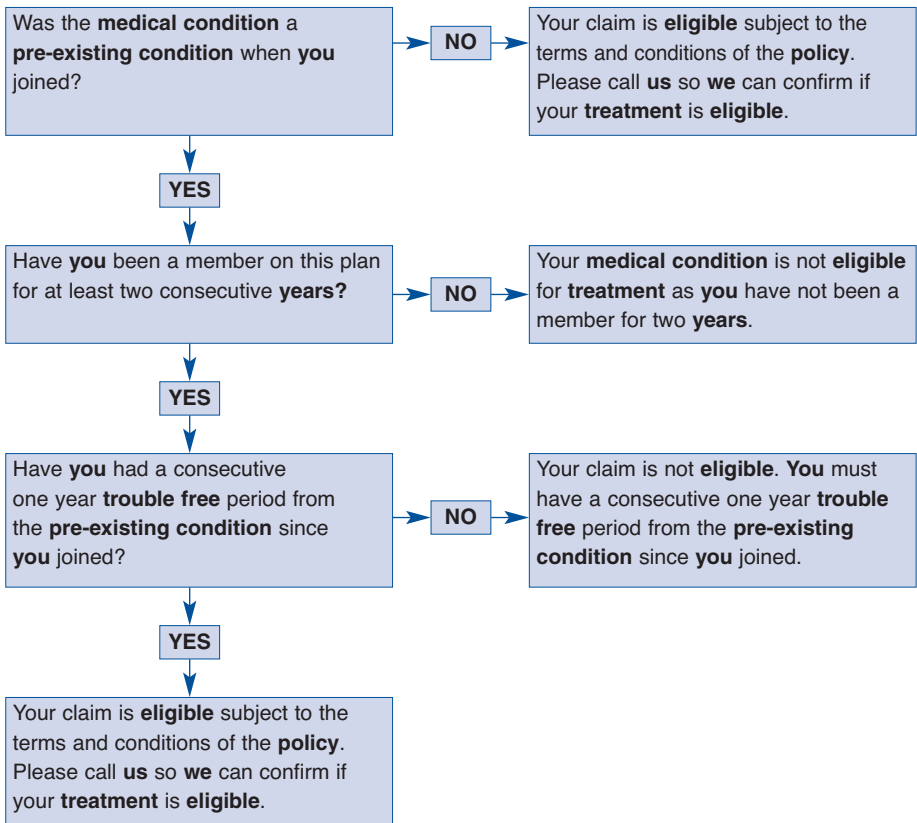

The rights and remedies in this sub-clause are cumulative and not exclusive of rights or remedies provided by law.

5 Existing medical conditions

Am I covered for treatment of medical conditions that I had prior to joining?

Medical insurance is designed primarily to provide cover for **treatment** of new **medical conditions** that arise after **you** join. This is the usual position. However, **you** may have joined on a different basis in which case that fact will be shown on your membership statement. If **you** completed a medical history declaration when **you** joined, your membership statement will show the **medical conditions** for which **we** will not cover **you** for **treatment** and whether **we** can review that exclusion.

If **you** did not provide your medical history when **you** joined, the following diagram shows how your **policy** works and the process **we** go through when assessing your claim. The **policy** terms are shown on the following page.

Please note:

The following defined terms apply to this section:

medical condition – any disease, illness or injury, including psychiatric illness.

pre-existing condition – any disease, illness or injury for which:

- **you** have received medication, advice or **treatment**; or
- **you** have experienced symptoms;

whether the condition has been diagnosed or not in the five years before the start of your cover.

trouble free – when **you**:

- have not had any medical opinion from a medical practitioner including GP's or **specialists**; or
- have not taken any medication (including over the counter drugs) or followed a special diet; or
- have not had any medical **treatment**; or
- have not visited a **clinical practitioner** or **complementary practitioner**; for the **medical condition**.

We will provide cover for **treatment** of **medical conditions** that arise after **you** join.

However, in the first two **years** of cover there is no cover for the **treatment** of **pre-existing medical conditions**.

Once **you** have been a member for two consecutive **years**, **you** may be able to claim for **treatment** of **pre-existing conditions** as long as **you** have had a **trouble free** period of one consecutive year from the **pre-existing condition** since **you** became a member.

There are some **medical conditions** – those that continue or keep recurring – that **you** will never be able to claim for. This is because **you** will never be able to have a consecutive one year **trouble free** period.

What happens when I want to make a claim?

If **you** completed a medical history declaration when **you** joined, your membership statement will show any specific exclusions that apply to your **policy**. **You** should call **us** to confirm that the **treatment** **you** need is **eligible**.

If **you** did not provide your medical history when **you** joined, **we** will need to assess your medical history before **we** can authorise your **treatment**. **We** may do this by asking for a medical information form or claim form from your GP or **specialist**, or by asking for your GP notes.

Be aware:

Because **we** need to assess your medical history, it is possible that **we** will not be able to authorise your **treatment** straight away. There may be a short delay before **we** can confirm if your **treatment** is **eligible**.

5.1 We pay for **eligible**:

- (a) **Treatment** of a new **medical condition** that arises after **you** join.
- (b) **Treatment** of **pre-existing conditions** once **you** have been a member for at least two consecutive **years** and have had a consecutive one year **trouble free** period.

5.2 What **we** do not pay for:

- (a) **Treatment** of **pre-existing conditions** for the first two years after **you** join.
- (b) If **you** completed a medical history declaration when **you** joined: **we** will not pay for **treatment** of any **medical condition** which **you** already had when **you** joined and which **you** should have told **us** about but did not tell **us** at all or did not tell **us** everything. This includes any such **medical condition(s)** or symptoms, whether or not being treated and any previous **medical condition(s)** which recurs or which **you** should reasonably have known about even if **you** had not consulted a doctor.
- (c) **Treatment** of any other **medical condition** detailed on your membership statement as excluded for benefit.

Childbirth, pregnancy and sexual health

Our policies are designed to provide cover for necessary and active **treatment** of a **medical condition** (which **we** define as a disease, illness or injury). This means for pregnancy and childbirth that **we** will only pay for **eligible** additional **treatment** made necessary by a **medical condition** that is experienced during that pregnancy and/or childbirth. Your **policy** is not intended to provide cover for preventive **treatment**, monitoring or screening. **We** do not pay for the normal interventions required during pregnancy or childbirth as they are not **treatments** of a **medical condition**.

Be aware:

As the extent of cover is limited in pregnancy and childbirth **we** strongly advise **you** to call **our** team of Personal Advisers so **we** can confirm the extent of the cover **we** will provide before **you** undertake any **treatment**.

6.5 **We** pay for **eligible**:

- (a) Additional costs incurred for the **treatment** of **medical conditions** when they occur during that pregnancy or childbirth. As an illustration **we** would consider **treatment** of the following:
- ectopic pregnancy (where the foetus is growing outside the womb)
 - hydatidiform mole (abnormal cell growth in the womb)
 - retained placenta (afterbirth retained in the womb)
 - placenta praevia
 - eclampsia (a coma or seizure during pregnancy and following pre-eclampsia)
 - diabetes (If **you** have exclusions because of your past medical history which relate to diabetes, then **you** will not be covered for any **treatment** for diabetes during pregnancy)
 - post partum haemorrhage (heavy bleeding in the hours and days immediately after childbirth)
 - miscarriage requiring immediate surgical **treatment**
 - failure to progress in labour.

6.6 What **we** do not pay for:

- (a) Any costs related to pregnancy or childbirth except the additional costs incurred for **eligible treatment** of a **medical condition**.
- (b) Investigations into and **treatment** of infertility, contraception, assisted reproduction, sterilisation (or its reversal) or any consequence of any of them or of any **treatment** for them.
- (c) **Treatment** of impotence or any consequence of it.
- (d) Gender re-assignment operations or any other surgical or medical **treatment** including psychotherapy or similar services which arise from, or are directly or indirectly associated with gender re-assignment.

7 Recurrent, continuing and long-term treatment

Will my policy cover me for recurrent, continuing or long-term treatment?

Your **policy** covers **treatment** of **medical conditions** that respond quickly to **treatment** – defined in **our** glossary as **acute conditions**. This **policy** is not intended to cover **you** against the costs of recurrent, continuing or long-term **treatment** of **chronic conditions**.

We define a **chronic condition** in the glossary on page 38 as:

A disease, illness or injury that has one or more of the following characteristics:

- it needs ongoing or long-term monitoring through consultations, examinations, check-ups and/or tests
- it needs ongoing or long-term control or relief of symptoms
- it requires your rehabilitation or for **you** to be specially trained to cope with it
- it continues indefinitely
- it has no known cure
- it comes back or is likely to come back.

Please note:

Your **policy** will cover **you** for the following phases of **treatment** for a **chronic condition** (subject to the restrictions on this **policy** for **out-patient treatment** if **you** do not have Options 2 or 3):

- the initial investigations to establish a diagnosis
- **treatment** for a period of a few months following diagnosis to allow the **specialist** to start **treatment**
- the **in-patient treatment** of acute exacerbations or complications (flare-ups) in order to quickly return the **chronic condition** to its controlled state.

What happens if I require recurrent or long-term treatment?

In the unfortunate event that the **treatment** **you** are receiving becomes recurrent, continuing or long-term, the costs for **treatment** of that **chronic condition** (including long-term monitoring, consultations, check-ups and examinations) will not be covered under your **policy**.

We will write to let **you** know if this is the case.

There are certain conditions that are likely to require ongoing **treatment** – such as Crohn's disease (inflammatory bowel disease) – which require management of recurrent episodes where the condition's symptoms deteriorate. Because of the ongoing nature of these conditions **we** will write to tell **you** when the benefit for that condition will stop.

Where can I find out more about cover for chronic conditions?

We publish a leaflet which explains how **we** deal with payment for **treatment** of **chronic conditions**. This is available on **our** website: www.axapphealthcare.co.uk and can also be obtained from **us**. **You** will also find further explanation of how **we** deal with payment for **cancer treatments** on page 21.

7.1 **We** pay for **eligible**:

- (a) **Treatment** of an **acute condition** and the short-term **in-patient treatment** intended to stabilise and bring under control a **chronic condition**.
- (b) Kidney dialysis for up to six weeks during preparation for kidney transplant.
- (c) Initial diagnosis and immediate **treatment** of HIV infection, when **we** will pay **in-patient treatment** benefit for one stay of up to 28 days.
- (d) **In-patient** rehabilitation of up to 28 days when it is an integral part of **treatment**; and
 - it is carried out by a **specialist** in rehabilitation
 - it is carried out in a recognised rehabilitation hospital or unit which is either listed in the **Directory of Hospitals** or which **we** have written to confirming it is recognised by **us**
 - the costs have been agreed by **us** before the rehabilitation begins.

We will extend **in-patient** rehabilitation to a maximum of 180 days in cases of severe central nervous system damage caused by an external trauma.
- (e) Hormone replacement therapy (HRT) only when it is medically indicated for the **treatment** of menopause resulting from medical intervention, when **we** will pay for the **specialist** consultations and for the cost of the implants (but not patches or tablets). **We** will only pay benefits for a maximum of 18 months from the date of the medical intervention.

7.2 What **we** do not pay for:

- (a) Ongoing, recurrent or long-term **treatment** of any **chronic condition**.
- (b) The monitoring of a **medical condition**.
- (c) Any **treatment** which only offers temporary relief of symptoms rather than dealing with the underlying **medical condition**.
- (d) Routine follow-up consultations.
- (e) Regular or long-term kidney dialysis in the case of chronic kidney failure.
- (f) **Treatment** of any **medical condition** which arises in any way from HIV infection once the initial diagnosis has been made.
- (g) Any hormone replacement therapy (HRT) except for the **treatment** of menopause resulting from medical intervention.

What cover do I have for psychiatric treatment?

Option 5: **you** have cover for the **treatment** of psychiatric illness, subject to all other benefit limitations and exclusions on your **policy**.

In-patient and **day-patient treatment** of psychiatric illness is limited to an overall maximum of 28 days for each person covered each **year**.

Should **you** require **in-patient treatment** of a psychiatric condition, the hospital will contact **us** prior to your admission to check whether your **policy** will cover that **treatment**. If **we** are able to confirm cover **we** will agree with the hospital to pay for an initial period of hospitalisation.

Should **you** need to stay in hospital longer than was initially agreed, then **we** will ask the **specialist** to provide further details to enable **us** to assess why further **treatment** is necessary. Any cover for **treatment** of psychiatric illness will be subject to **our** rules on **chronic conditions**.

If **you** do not have Option 5 there is no benefit available for **treatment** of psychiatric illness.

7.3 We pay for eligible:

- (a) Option 5 only: **Treatment** of psychiatric illness. **We** have an agreement with psychiatric hospitals regarding **in-patient treatment** of psychiatric illness under which the hospital will contact **us** directly to confirm whether cover is available.

7.4 What we do not pay for:

- (a) If **you** do not have Option 5: any **treatment** of psychiatric illness.
- (b) **Treatment** which arises from or is directly or indirectly caused by a deliberately self-inflicted injury or an attempt at suicide.
- (c) **Treatment** of, or **treatment** which arises from or is in any way connected with, alcohol abuse, drug abuse or substance abuse.

Will my policy cover me for cancer treatment?

You are covered for **treatment** of a new **cancer** which arises after **you** join and for any recurrence of this **cancer**. If **you** have exclusions because of your past medical history which relate to a **cancer**, then **you** will not be covered for any recurrence of **cancer**.

Please refer to section 5 on page 12 for further information on your cover for pre-existing **medical conditions**.

Your **policy** covers the investigation and **treatment** intended to affect the growth of the **cancer** by shrinking it, stabilising it or slowing the spread of disease. This includes surgery, radiotherapy or chemotherapy, alone or in combination.

The **policy** does not cover the long term management of **cancer** other than shown below and there is no cover for **treatment** given solely to relieve symptoms.

NHS or private?

Whilst **you** are covered for **eligible cancer treatment** on this **policy you** may decide that **you** want to receive **treatment** on the NHS. If **you** are diagnosed with **cancer you** will be referred to one of **our** nurse case managers. They will be able to give **you** information on the **treatment** options open to **you** and support **you** through your **treatment**.

Should **you** choose to receive your **treatment** as an NHS patient **you** will be **eligible** to receive the NHS cash benefits shown in the **benefits table** on page 5, when **you** receive **eligible day-patient** or **out-patient** radiotherapy or chemotherapy or **eligible in-patient treatment**. **Our** nurse case managers will also be able to discuss other services which **we** can arrange, to support **you** whilst **you** are receiving NHS **cancer treatment**, for example transport assistance, childcare or domestic help.

The following table is a summary of the cover provided for **cancer** under this **policy** and should be read alongside the rest of the handbook, including the **benefits table** on pages 4–8.

8 Where you are covered for treatment

Which hospitals and day-patient units do I have cover for?

The **Directory of Hospitals** lists the hospitals and **day-patient units** in the **United Kingdom** for which **we** provide cover. **We** have chosen these **hospitals** based on the quality, value and range of services that they provide and **we** have an **Agreement** with them under which they will provide services to **our** customers.

Please note:

If **we** are unable, after reasonable negotiation, to conclude the **Agreement** in whole or part, it may be necessary from time to time for **us** to suspend the use of a hospital, **day-patient unit** or **scanning centre** listed in the **Directory of Hospitals** so as to protect the interests of all **our** customers. In such an event **we** will indicate the suspension on **our** website: www.axapphealthcare.co.uk

Be aware:

From time to time part of the **Agreement** may be that **we** will cover charges in full at certain **private hospitals**, because those hospitals have higher charges than your **policy** allows. In such an event, if **you** choose to receive **in-patient treatment** in one of those hospitals, then **we** will only pay the cash benefit shown in the Option 1 **benefits table**. To be assured of cover, please call **our** team of Personal Advisers in advance of any **treatment**.

If it is medically necessary for **you** to use a hospital, **day-patient unit** or **scanning centre** not listed in the **Directory of Hospitals** or one which would be outside your cover and **we** have specifically agreed to this in writing before the **treatment** begins then **we** will pay those hospital charges.

We also have specific arrangements in regard to **eligible** cataract and oral **surgical procedures** as detailed on the next page.

What happens if I choose to have treatment at a hospital which is not in the Directory of Hospitals?

If **you** have **in-patient** or **day-patient treatment** in any private hospital which **we** do not list in the **Directory of Hospitals** then **we** will pay **you** only a small cash benefit shown in the Option 1 **benefits table**. **You** will be entirely responsible for paying the hospital bills.

If **you** have **eligible in-patient treatment** as a National Health Service (NHS) patient incurring no charges at all, then **we** will pay any NHS cash benefit shown in the Option 1 **benefits table**.

Which scanning centres and out-patient facility charges are covered?

Your **policy** includes cover for computerised tomography (CT), magnetic resonance imaging (MRI) scans and positron emission tomography (PET). If **you** require CT, MRI or PET **we** will make full payment, or set the charges against any excess **you** may have, if **you** use a **scanning centre** listed in the **Directory of Hospitals**.

We will pay for **eligible** charges made by a provider **we** have an agreement with for the use of their facilities on an **out-patient treatment** basis (which may include charges for the use of drugs).

If **you** use a **scanning centre** that is not listed in the **Directory of Hospitals**, then **we** will only pay the cash benefit shown in the Option 1 **benefits table**.

Where can I receive eligible oral surgical and cataract surgical treatment?

If **you** have Option 6 **we** will pay for those oral **surgical procedures** detailed in 6.1(b) when your dentist refers **you** directly to a **facility** with which **we** have an agreement to provide a range of oral **surgical procedures**.

If **you** require a cataract **surgical procedure** **we** will pay for **eligible treatment** when your GP refers **you** directly to a **facility** with which **we** have an agreement to provide cataract **surgical procedures**.

Please note:

We recommend that **you** call **us** prior to receiving any **treatment** to ensure that the **treatment** **you** need will be covered.

8.1 **We** pay for **eligible**:

- (a) Charges made by, or incurred in, a **private hospital** or any NHS hospital for ITU (Intensive Therapy Unit, sometimes called Intensive Care Unit) **treatment** only when ITU **treatment** immediately follows **eligible** private **treatment** and **you** or your next of kin have asked for the ITU **treatment** to be received privately.
- (b) NHS cash benefit, as shown on the Option 1 **benefits table**, for each night **you** receive free **treatment** in an NHS intensive therapy unit or NHS intensive care unit

8.2 What **we** do not pay for:

- (a) Any charges from health hydros, spas, nature cure clinics or any similar place, even if it is registered as a hospital.
- (b) Special nursing in hospital unless **we** have agreed beforehand that it is necessary and appropriate.
- (c) Any charges made by, or incurred in an NHS hospital for ITU **treatment**, except as allowed for by 8.1(a).

9 Who we pay for treatment

Your **policy** can provide benefit for **eligible treatment** provided by **specialists**. Additionally, Options 2 and 3 provide benefit for **eligible treatment** provided by **clinical practitioners** and Option 4 provides benefit for **eligible treatment** provided by **complementary practitioners** and **physiotherapists**.

How do I find out whether the person I want to see for treatment is recognised?

You need to call **us** before receiving any **treatment**. This will allow **us** to check **our** database and confirm whether the person **you** have been referred to is **eligible** for benefit.

In addition, **you** could check the AXA PPP healthcare website: www.axapphealthcare.co.uk which provides relevant information about the **specialists we** recognise.

What services provided by specialists, complementary practitioners, clinical practitioners and physiotherapists are eligible for benefit?

If you have:	Option 1 Standard Cover	Option 2 and 3	Option 4	
We will pay for charges for treatment from:	Specialists*	Clinical practitioners	Complementary practitioners	Physiotherapists
If you are referred by your GP	✓	✗	✓ Please see limits below	✓ Please see limits below
If you are referred by a specialist	✓	✓	✓	✓
If you are referred by your dentist	✓	✗	✓	✗

*Includes consultations, **diagnostic tests**, **treatment** in hospital and **surgical procedures**.

Will treatment charges be met in full?

We pay in full the fees of most **specialists**, **clinical practitioners**, **complementary practitioners** and **physiotherapists** as they charge fees within the range that is usual for the **treatment** they provide. **We** will continue to pay these fees in full provided that the **specialist**, **clinical practitioner**, **complementary practitioner** or **physiotherapist** continues to charge fees within the range that is usual.

Please note:

You can call **our** team of Personal Advisers for confirmation that the person **you** want to see will have their **eligible** charges met in full. **You** may also check **our** website: www.axapphealthcare.co.uk which provides information on the **specialists** that **we** recognise. In order to ensure cover remains affordable, **we** have identified those **specialists, clinical practitioners, complementary practitioners** and **physiotherapists** who make charges to **our** customers that exceed the range that is usual and **we** treat them as ‘**capped practitioners**’. If **you** receive **eligible treatment** from a **capped practitioner** **we** will limit benefit to the average **we** have been charged for that **treatment**.

[Will I have to pay towards my treatment if I receive treatment from a capped practitioner?](#)

Be aware:

You need to call **us** to confirm whether the person **you** want to see is a **capped practitioner**. If they are, **we** will tell **you** how much **we** will pay towards the cost of your **treatment**. **We** recommend **you** then obtain an estimate of their charges so **you** can determine whether **you** need to pay anything yourself. Where **you** have to pay towards your **treatment**, the amount may be significant.

[What if an anaesthetist becomes involved in my treatment?](#)

When **you** tell **us** which **specialist** **you** intend to see **we** will make every effort to notify **you** whether they commonly work with an anaesthetist who is a **capped practitioner**. If this is the case **you** should establish which anaesthetist your **specialist** intends to use so **we** can tell **you** how much **we** will pay towards the **treatment** charges of that anaesthetist.

9.1 We pay for eligible:

- (a) **Treatment** charges made by a **capped practitioner** at the average charge or at the amount charged if lower than the average. The average charge is the sum of all the charges for that type of **treatment** made by all the **specialists, clinical practitioners, complementary practitioners** and **physiotherapists** divided by the number of such charges.
- (b) **Treatment** charges in full when they are made by a **specialist, clinical practitioner, complementary practitioner** or **physiotherapist** not referred to in 9.1(a) as long as they charge fees within the range that is usually charged by **specialists, clinical practitioners, complementary practitioners** and **physiotherapists** for that **treatment**.

9.2 What we do not pay for:

- (a) Charges made by a **specialist** or **complementary practitioner** when **you** have been referred to them by a member of your family, or if that **specialist** or **complementary practitioner** is a member of your family.
- (b) **Treatment** charges made by a **capped practitioner** above the average amount charged by **specialists, clinical practitioners, complementary practitioners** and **physiotherapists** for that **treatment**.
- (c) **Treatment** charges made by a **specialist, clinical practitioner, complementary practitioner** or **physiotherapist** not referred to in 9.1(a) in excess of the usual amount charged by **specialists, clinical practitioners, complementary practitioners** and **physiotherapists** for that **treatment**.
- (d) Charges for general chiropody or foot care even if this is carried out by a surgical podiatrist.
- (e) Any charges made for written reports or any other administrative costs.

Can I add my new baby to my policy?

You can apply to add newborn babies (who are born to the **policyholder** or the **policyholder's** partner) to the **policy** from their date of birth. This can normally be done without filling out details of their medical history provided **you** add them within three months of their date of birth. However, we will require details of the baby's medical history if the baby has been adopted or was born as the result of any method of assisted conception. In such circumstances we reserve the right to apply particular restrictions to the cover we will offer and may decline to offer cover in the first three months following birth for babies born as the result of any method of assisted conception.

Can I cancel my policy?

No, this group scheme has been purchased by your employer so **you** do not have any right to cancel the group scheme.

Will I have to pay income tax on the premiums

Yes, membership of the **policy** will give rise to a liability for income tax on the premiums paid by your employer.

I have an excess on my policy – how does this work?

If **you** have an excess on your **policy**, this is what it means and how it is applied:

- An excess is the amount of money **you** must contribute towards the cost of any **eligible treatment** each **policy year**.
- The excess applies to each person covered by the **policy** in each **policy year**.
- The excess is deducted from any **eligible treatment** costs **you** incur.
- **We** will not pay any claim or part of a claim which is subject to an excess. In this case **we** will only pay the balance of the claim after **we** have deducted the excess amount.
- The excess is a single deduction that is made regardless of the number of individual **medical conditions** claimed for in that **policy year**.
- Should **treatment** continue beyond your **policy's** renewal date then **we** will apply the excess:
 1. Once against the costs incurred before this date, and;
 2. Again against the costs incurred on or after the renewal date.
- **We** will do this irrespective of whether the costs relate to **treatment** for the same **medical condition**.
- **We** will not apply the excess against medical costs for **treatment** that your **policy** does not cover.

Please see example opposite.

If you have an excess, here is an example of how the excess operates:

Example 1 – SecureHealth Care Options with Options 1 and 2 with £100 excess	
	This policy has a benefit limit of £1,100 (for each person each year) for out-patient consultations , diagnostic tests and clinical practitioners’ charges .
One	You develop a medical problem and require £700 of eligible diagnostic tests – your first claim for that policy year .
Two	The £100 excess charge is applied.
Three	We pay £600 towards the £700 cost of out-patient treatment , while you pay the £100 excess.
Four	This £700 total claim reduces your £1,100 benefit limit for out-patient consultations , diagnostic tests and clinical practitioners’ charges to £400.
Then...	Later in the same policy year , you suffer a different medical condition , incurring costs of £450 for eligible out-patient consultations and diagnostic tests – £50 more than the policy’s remaining £400 benefit limit.
So...	We pay £400 towards the cost of treatment , and you pay the £50 shortfall.
